Dear Captain Kubley:

Lori Luchak, President of Miles Fiberglass, gave me information about your temporary “dome” shelters to be used during emergency situations. I would like to express my support and offer endorsement of these shelters to agencies/organization that might be interested in purchasing.

As I look at past emergency situations in Oregon, these shelters would be incredibly useful to much of the Northwest in the future, as we battle flooding, ice storms, etc. As mentioned in the material sent, they seem to be exceptionally versatile, durable and portable, with a variety of uses.

I will pass this on to other interested parties within the State or Oregon and would encourage you to contact the Federal Emergency Management Administration to further discuss purchase of the ‘domes’ to be distributed amongst Northwest states in a cache for emergency use in the Region.

Sincerely,

J. MICHAEL CALDWELL  
Brigadier General  
Deputy Director
